

# Seminary 2022 – Old Testament

## The Blessings of the “Come, Follow Me” Program

This year, on certain days of your seminary study calendar you will find the entry **Summary of your day study of “Come, Follow Me”**. This statement tells you that you must do the following to validate your study for the day of seminary.

### Tasks of the day

What is expected of you for this day is that you study your scriptures through the “Come, Follow Me” program, alone or with your family, and respond in writing to the following three questions below:

- 
-  1. List the scriptures that touched you today and explain why.
  -  2. How do these scriptures apply to you?
  -  3. What are you going to do in the coming days to put what you have learned into practice?
- 

If you prefer, you can replace one or more of the above questions with these ones:

-  What principle or doctrine have you identified in the scripture block you have studied today?
  -  Explain how the Lord Jesus Christ is an example of the principle taught in your reading today.
  -  What testimony can you give about the truth you have studied today (tell an experience if it is not too personal)?
- 

After you have completed your study and write your answers to the three questions, be sure to return your work to your seminary teacher.

Be sure to also record your scripture study for this day on [myseminary.churchofjesuschrist.org](http://myseminary.churchofjesuschrist.org).
